2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

Kirkwood School is located seven miles south of the City of Corning in a small, rural area. In 2016-17, the school maintained five classrooms serving TK-K, 1-2, 3-4, 5-6, and 7-8 students. The school was first established at its present site in 1933. In 1997, a new facility was built with two classrooms, a multipurpose room, kitchen, bathrooms, and office. In 2007-08, the school applied for a financial hardship from the state in order to construct two new modular classrooms and a larger multipurpose/kitchen. The new classrooms were completed in August 2008, but the multipurpose/kitchen was not completed until August 2011. Kirkwood School now has 5 classrooms, 2 office rooms, and a large gym/multipurpose building with a kitchen and pantry.

Kirkwood School believes that each child is a unique person, with unique needs, and the purpose of the educational system of this state is to enable each child to develop all of his or her own potential as a fully contributing citizen. The staff and community work together to provide a strong foundation for learning so that all students will become responsible and productive members of our society.

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

Key features of this year's LCAP include a focus on improving English/Language Arts student achievement through the purchase and implementation of new standards based curriculum and professional development for staff in the use of the new curriculum. The District is also providing a summer school program to provide extra support for students in grades kindergarten through third grade to help them reach proficiency in Reading/English/Language Arts by the end of the student's third grade year. The District will continue to provide after school tutoring to provide extra support for English Learners and At-Risk students. Another focus of the District's LCAP is too provide Designated English Learner instruction built into the regular day schedule. While the English Learner students made significant progress on the CAASPP testing for the 2015-16 school year, there is still an achievement gap that needs to be addressed.

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Although their performance is still below the level 3 benchmark set by the state, the Hispanic Equity group made significant gains in both ELA and Mathematics. As a group, their average scale score increased 40.5 points on the English/Language Arts CAASPP testing and 28.2 points on the Mathematics CAASPP testing. In addition to that, significant progress was made on the suspension rate of the Hispanic Equity group. The District will continue to provide the additional support needed to continue this progress, including but not limited to after-school tutoring, summer refresher camp before school begins again in the fall, and differentiated instruction.

Detailed Reports

Student Group Report

This report shows the performance levels for Hispanic on all state indicators. It also shows how the current year (status) compares to prior years (change) for each indicator. Each indicator has five possible levels, which are displayed with the data for each indicator. Select any of the underlined indicators for more detailed information.

State Indicators	All Student Performance	Status	Change
Chronic Absenteeism	N/A	N/A	N/A
<u>Suspension Rate (K-12)</u>		Very Low 0%	Declined Significantly -8.3%
English Learner Progress (K-12)	N/A	N/A	N/A
<u>English Language Arts (3-8)</u>		Low 46.2 points below level 3	Increased Significantly +40.5 points
<u>Mathematics (3-8)</u>		Low 27.7 points below level 3	Increased Significantly +28.2 points

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

In the chart below are the California School Dashboard results for English/Language Arts. In the "All Students" Equity group, although we scored in the yellow, our status was in the low category. The "White" equity group scored in the orange with their status and change because not only were they in the low category, but their score declined from the previous year. Historically, the ELA scores for Kirkwood Elementary School District have been lower than the corresponding math scores, so the District has been aware of the need for improvement. During the 2016-17 school years, the District piloted two different ELA curriculum's and based on our recommendation along with other Districts in the county, we decided to go with a new ELA curriculum that has shown success in helping students succeed in English/Language. The new curriculum will be implemented in Kindergarten through sixth grades and a new curriculum will also be implemented in grades seven and eight also. The District is confident that this focus on ELA along with the new curriculum, will reap positive benefits in the student's achievement.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Based on the Student Equity Group Report from the California School Dashboard, we have no student groups whose performance level was two or more performance levels below the all student performance. In spite of this, we are still focusing resources on our English Learner and Hispanic Equity Groups to ensure their continued growth to comparability with the white sub group.

PERFORMANCE GAPS

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

To improve services to English Learner students, the District will provide one hour per week of Designated English Language instruction for English Language Learner students. This will be in addition to the Integrated English Language Instruction already being provided to students. A para-educator will be added to the Kindergarten classroom to provide addition support for students needing increased or improved services to ensure readiness for first grade.

ANNUAL MEASURABLE OUTCOMES

EXPECTED

Students in each grade level and in each sub-group will demonstrate annual improvement in both ELA and Math as measured by the CAASPP and local assessments.

English Language Students will demonstrate an annual improvement in English proficiency as measured by the state mandated EL proficiency assessment (CELDT/ELPAC).

The attendance rate will be maintained over 95%; the chronic absenteeism rate will remain low and SARB referrals will be monitored.

No students will drop out of Kirkwood School

ACTUAL

From the results of the spring, 2016 CAASPP English/Language Arts test results, our students overall improved an average of 5.1 points on the scale score. Looking at our subgroups, Socio-Economically Disadvantaged students improved an average of 6.5 points and Hispanic students improved 40.5 points. Our white subgroup declined by 6.9 points. From the results of the spring, 2016 Mathematics test results, our students overall improved an average of 0.1 points on the scale score. Looking at our subgroups, Socio-Economically Disadvantaged students improved an average of 5.8 points and Hispanic students improved 28.2 points. Our white subgroup declined by 10.0 points. Our attendance rate is over 95%.

Our English Language students participated in CELDT testing. 10 of our students had two years of data. Of the 10 students 3 students increased one performance level. 5 students stayed the same but all of their scores increased. 2 students dropped one level.

Our chronic absentee rate was 0%.
We had zero SARB referrals

The District had no students who dropped out of school this year.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall the District implemented actions and services that were planned for the 2016-17 school year. Significant professional development was provided to the staff to aid in the implementation of the new California State Standards. Resources were focused to provide additional academic and behavioral support for the most at-risk students, such as after-school tutoring and MFT Counseling. We were not able to provide designated English Learner instruction for our English Learner students, but it is an educational strategy that the District is still pursuing options to implement.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions and services provided by the District, while not improving the overall achievement of students in the District, did have a significant impact on the Hispanic population and a positive impact on our socio-economically disadvantaged student population as measured by the results of the CAASPP testing from the California School Dashboard, since those at-risk students was where much of our additional resources were focused. Therefore, the District has determined that the actions and services provided were effective but they need to be extended to all students in the District, not just the most at-risk students. Significant gains were made in the academic goal for our at-risk students and the District needs to make sure that similar strategies are utilized for all of the students in the District.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Material differences in most cases were due to over budgeting and actual expenditures not materializing. Another reason is that some books were in the "Base" category and were actually purchased out of Lottery. One minor difference was not being able to provide designated English Learner instruction for the District's English Learner students as originally planned in the budget. That will continue to be a goal for implementation in the 2017-18. Salaries were increased and a new para-educator hired. Counseling services in goal 2 action. Textbooks were purchased 17-18 and not in 2016-17.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

No changes were made to this goal, the expected outcomes or the metrics used to evaluate the effectiveness of the actions and services. However, it was determined that the actions and services that were effective for the District's at-risk students should also be implemented for all students to ensure academic growth for all students in the District. Because of the late release of the data from the California School Dashboard, these adjustments were not able to be made for the 2016-17 school year but will be reflected in the actions and services provided to all students in the 2017-18 school year. Also, new curriculum will be purchased in English/Language Arts for the 2017-18 school year and professional development provided for that throughout the year to improve student achievement in the area of English/Language Arts as reflected on the CAASPP testing on the District's local, iReady assessment of students.

ANNUAL MEASURABLE OUTCOMES

EXPECTED

School enrichment opportunities, including field trips, will be documented by fiscal records and attendance participation. Parent/community participation and satisfaction will be documented in the annual parent survey. Suspension and expulsion data will remain below 1%. The annual FIT assessment will document good to excellent facilities status.

ACTUAL

Students had the opportunity to participate in a variety of school enrichment activities that were provided by the District. Activities included, but were not limited to concerts, makerspace events, career days, farm days, science fairs, wildlife preserves, and trips to the state capital. The activities were provided to all of the various grade levels throughout the year. Parent and community participation was continually encouraged through notices sent home, phone messages to parents, and bulletin notices. Suspension and expulsion levels remained below 1% for the 2016-17 school year with the support of MFT counselors provided by the District to care for the socio-emotional health of the students. Resources were committed to the maintenance and improvement of the District's facilities as reflected in the annual FIT assessment reports.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall, the planned actions and services to accomplish the goal of providing a caring learning atmosphere where our students feel safe, where parents and community members are invited and welcomed onto campus regularly, and our students are provided enrichment opportunities were implemented. A variety of student activities were provided to enrich the educational experience of the students. A variety of methods were used to communicate and promote opportunities for parent engagement throughout the school year.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions and services that were planned by the District have been effective in providing academic enrichment activities for the students. Staff have had the opportunity engage students in various events that have challenged and motivated them. The support provided by the MFT counselor has positively impacted the number of students suspended or expelled for behavior issues. The commitment of District funds to the maintenance and upkeep of the District facilities has been effective in keeping the school in excellent condition, providing a safe and clean environment for the students.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There was very little difference between the Budgeted Expenditures and the Estimated Actual Expenditures except in the area of Peer Mediation. We were not able to offer the Peer Mediation program this year because of the departure of the employee who was trained in implementing the program. A material difference in the maintenance was a result of budgeting for expenditures that did not take place.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

This goal was not completed in current year and is carried over to next year. In order to provide increased services for our English Learner population, we are planning on implementing 60 minutes per week of designated English Learner instruction to our students provided by a trained teacher. The District will also be adding a para educator in the kindergarten class to provide extra support in having students prepared and at grade level as they enter the first grade.

Stakeholder Engagement

LCAP Year

2017–18 2018–19 2019–20

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

Parents, community members, and other stakeholder groups have been engaged and involved in developing, reviewing, and supporting implementation of the LCAP through the following advisory groups: School Site Council and Parent's club. Included as topic of discussion at January, February, March, and May school site council meetings. Staff are unrepresented and were consulted during planning process.

All stakeholders have been included in the LEA's process for engagement in the development of the LCAP through explicit invitation to all School Board meetings, which meet regularly throughout the year and have been included in the process beginning in the 2016-17 school year. Included as topic of discussion at January, February, March, April and May meetings of the school board.

The following data will be presented at least annually to advisory committees for review and will help guide priority recommendations for the LCAP. SARC, CELDT, CAASPP, School Benchmark Results, Discipline Referrals, Health Kids Survey, FIT Assessment Tool, Attendance rates and suspension rates. Presented at the January, February and March school board meetings. Data from the California School Dashboard was shared at the April meetings.

Data from the local benchmark assessments and the CAASPP test were reviewed with the School Site Council. Trends of the results for the local benchmark assessments were reviewed. The data from the California School Dashboard was shared with the School Site Council and the implications of the information was discussed.

The superintendent reported to the School Site Council, that includes representation of all stakeholders, pertinent information that might impact the implementation of the LCAP and the progress being made toward the LCAP goals including information about the California School Dashboard and its impact on the LCAP at the January, February, March, and May meetings.

During each school year and as part of the LCAP annual update, the School Site Council will review data from the previous year. Analyze progress towards meeting annual goals and make recommendations that support improved outcomes for students. This took place at the March and May school site council meetings. Data reviewed includes CAASPP, CELDT, and iReady.

The superintendent reported to the school board at the January, February, March, April and May meetings pertinent information that might impact the implementation of the LCAP and the progress that is being made toward the LCAP goals. The design and the impact of the California School Dashboard was shared with the school board at the January and February meetings. The actual data from the Dashboard was shared with the board at the April meeting along with the impact of this data on the LCAP.

The staff does not have a bargaining unit however all staff were involved in the planning process. Student input was part of the yearly parent/student survey.

Parents and community members were encouraged to attend the School Site Council and School Board Meetings from November 2016 through June 2017 to give input on the annual update to the LCAP, the budget and the Single School Plan. Notice was sent home monthly in the Bobcat Bulletin, posted on the school website and in the display case on the front of the school office building.

In 2016-17, student achievement data has been disaggregated by students who participated in after school tutoring to determine the effectiveness of the program. Additional laptop computers have been purchased to have a 1 to 1 student to computer ratio in grades 5 through 8 and to increase the number of computers for use in the K-4 grades.

The iReady curriculum and assessment program has been used in grades 3 through 8 to help prepare students for the rigor and technological skills necessary to be proficient on the CAASPP testing during the 2016-17 school year and to be able to get more accurate information about the proficiency level of the students.

The automated communication tool, schoolmessenger, has been utilized on a regular basis during the 2016-17 school year to improve communication with parents and guardians and to improve awareness of opportunities for parents to be involved with the school.

Input from staff meetings and School Site Council meetings was obtained and a variety of ways to positively reward student attendance were reviewed.

All staff received professional development in integrated English Learner instruction techniques. One staff member was provided with professional development in designated English Learner instruction techniques. Upper grades teachers received professional development in integrating STEM skills into the classroom and lower grades teachers received professional development in teaching mathematics development.

Professional development in integrated and designated ELD was provided to staff. The bilingual para educator continues to translate forms and letters to help improve communication with our non-English speaking parents.

Funds will be dedicated to maintain the District's facilities in good repair to positively impact student achievement.

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

Clarification of the reduced number of goals was recommended to make it more understandable to parents and the community.

Received input on potential additional metrics to consider pertaining to goals of LCAP.

Data from the California School Dashboard were discussed along with the impact on the LCAP. Potential services provided to help improve movement toward goals were discussed.

Discussion of what services would be appropriate to attain the LCAP goals.

Disaggregation of data for students participating in after-school tutoring was recommended help determine the effectiveness of the program. The longitudinal data will be more useful in determining the viability of the program.

Parents commended the weekly use of the School messenger program and encouraged it to be continued for the 2017-18 to help keep parents informed as to the events happening at Kirkwood School. Parents will be notified of all events available for them to be able to participate in.

The District was asked to consider adding a para educator at the kindergarten level to help in preparation for the first grade.

More opportunities for enrichment for students was recommended for the 2017-18 school year.

The ratio of laptop computers was recommended to continue to be at a 1 to 1 student to computer ratio in grades 3 through 8 and the ratio of the number of students to computers for use in the K-2 grades will be improved to 4 to 1.

Professional development in the implementation of the new California State Standards will continue to be offered to staff members whenever appropriate and feasible. California State Standard aligned curriculum will be provided for students in English/Language Arts and in Math. Staff will continue to receive professional development in language and vocabulary acquisition techniques.

State and/or Local Priorities Addressed by this goal:

STATE 1 2 3 4 5 6 7 8
 COE 9 10
 LOCAL

Identified Need

Based on the data from the California School Dashboard, an area of need identified by stakeholder groups was to focus on English/Language Arts student achievement. While progress was made by some equity groups, the Hispanic and SED equity groups results need improvement in English/Language arts. English Language Learner Student achievement was also an identified area of focus for the District. Student attendance rate is always an area of concern to the school board and to the stakeholder groups. Regular student attendance is critical to student achievement.

Goal 2

Kirkwood School will provide a caring learning atmosphere where our students feel safe, where parents and community members are invited and welcomed onto campus regularly, and our students are provided enrichment opportunities.

[Identified Need](#)

Maintaining or improving Kirkwood students opportunities for enrichment activities is an identified need by stakeholder groups based on input from LCAP informational meetings. These activities are important for improved school engagement and attendance. Finding a variety of ways to increase Kirkwood parent participation in on-campus activities is a priority that was identified by the school board as essential to help improve student achievement. Parent participation will specifically focus on increased participation in SSC, LCAP review and planning, as well as increased participation with students during school enrichment activities. An emphasis on social and emotional health of the students maintains a low suspension and expulsion rate. Kirkwood students need and deserve safe and clean facilities in order to succeed academically.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year 2017–18 2018–19 2019–20

Estimated Supplemental and Concentration Grant Funds: \$80,200

Percentage to Increase or Improve Services: 9.85%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

Goal 1, Action 1, 2, 3, 5, 6, 8, 9, and 10 are principally directed toward increased or improved services for unduplicated students by increasing additional personnel to meet the needs of these student and using assessments to identify specific needs. Services above the base program focused on our EL students are also provided using these funds. Additionally, we will track our unduplicated students attendance at school to ensure they have access to these additional services and materials. Research points to the importance of school attendance in increasing student achievement. The kindergarten para-educator will primarily focus on our unduplicated pupils to ensure they "catch up" and are better prepared to enter first grade. The increased para-educator support will be increase time spent for students in designated English Language Development opportunities. The district will increase the amount of professional development provided to teachers and para educators for integrated English Language Development services and for language development and acquisition. This training will not only support English Learner students but also the socio-economically disadvantaged students of the district who may need the additional vocabulary acquisition support.

The school is budgeted to spend \$105,335.00 for the 2017-2018 school year, which exceeds the required \$80,200 for the 2017-2018 school year for our unduplicated low income, foster youth, English learner students to continue to provide after school tutoring, a bilingual aide, counseling services, and technology and software to enhance student learning. Also, continued training in integrated ELD services and exploration in ways to provide designated ELD services will be done for the 2017-18 school year. The unduplicated percentage for 2017-18 is projected to be 52.35%

Revised Local Control and Accountability Plan and Annual Update Template Instructions

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. For school districts and county offices of education, the LCAP is a three-year plan which is reviewed and updated in the second and third years of the plan. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for

the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Education Code identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. Education Code requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, Education Code Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Check “New” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check “Modified” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check “Unchanged” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check “Unchanged” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the Goals, Actions, and

Services section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *Education Code* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the Demonstration of Increased or Improved Services for Unduplicated Students table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to 5 CCR 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR 15496(a)(7).

Consistent with the requirements of 5 CCR 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
 - a. English Language Arts – Common Core State Standards for English Language Arts
 - b. Mathematics – Common Core State Standards for Mathematics
 - c. English Language Development
 - d. Career Technical Education
 - e. Health Education Content Standards
 - f. History-Social Science
 - g. Model School Library Standards
 - h. Physical Education Model Content Standards
 - i. Next Generation Science Standards
 - j. Visual and Performing Arts
 - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy UC or CSU entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the CELDT;
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;

- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

- A. A broad course of study including courses described under Sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under Sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *Education Code* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in *California Code of Regulations*, title 5, Section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, *Education Code*. Sections 6312 and 6314.

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *Education Code* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *Education Code* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *Education Code* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *Education Code* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *Education Code* sections 42238.01 and bgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *Education Code* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *Education Code* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
